MISSOURI STATE UNIVERISTY FACTBOOK

Foreword

The Missouri State University Factbook is published by the Office of Institutional Research and outlines enrollment, financial, faculty and staff, credit hour, and other comprehensive information for the Missouri State University campus at Springfield. The MSU Factbook is produced annually and is intended to provide answers to frequently asked questions by the administration, faculty, staff, students, alumni and other university constituents. Most data in this publication are derived from official information reported to the National Center for Education Statistics (NCES) on Integrated Postsecondary Education Data System (IPEDS) mandated surveys.

The definitions and guidelines used to compile this information are provided by NCES, the Missouri Department of Higher Education (MDHE), the MSU Board of Governors, a variety of federal and state governmental units, and rating/ranking publications. A glossary detailing specific definitions is provided at the end of this document. There may be slight variations in numbers as data verifications are finalized.

In order to make information available to all constituents, the MSU Factbook is available in PDF format on the Office of Institutional Research web site at <http://www.missouristate.edu/oir/factbook.htm>

Many thanks to all who collect and manage MSU data and help make the Missouri State University Factbook a successful reality. Note: "Military-Affiliated" combines veteran and dependent students. A student is considered a veteran if he or she indicates active military, National Guard, Reserves, or veteran status on the admission application, Federal Application for Student Aid (FAFSA), or Veteran Certification Request for Veteran Affairs (VA) benefits. MSU began tracking veteran status mid-academic period Spring 2012. Thus, historical data prior to Spring 2012 may not exist. A student is considered a dependent when the student received benefits under Chapter 33 and Chapter 35. Benefits are obtained from the VA and pay for specific costs of higher education.

*Note: Other Programs includes non-degree-seeking undergraduates, precollege dual credit students, undeclared students, BA Global Studies majors, BGS General Studies majors, pre-professional students, and pre-Individualized Majors.

Note: A student is considered a veteran if he or she indicates active military, National Guard, Reserves, or veteran status on the admission application, Federal Application for Student Aid (FAFSA), or Veteran Certification Request for Veteran Affairs (VA) benefits. MSU began tracking veteran status mid-academic period Spring 2012. Thus, historical data prior to Spring 2012 may not exist. Benefits are obtained from the VA and pay for specific costs of higher education.

Chart 12. Full-Time Faculty by Tenure Status and Fiscal Year

Note: Tables displaying data for "full-time faculty" reflect only instructional faculty and exclude full-time "research" faculty. Table 63 provides information for non-instructional research faculty. Therefore, to see the total number of faculty, both instructional and research, the two groups need to be considered together. For example, for 2014-2015, MSU reported 728 instructional faculty and 5 research faculty for a total of 733 total full-time faculty.

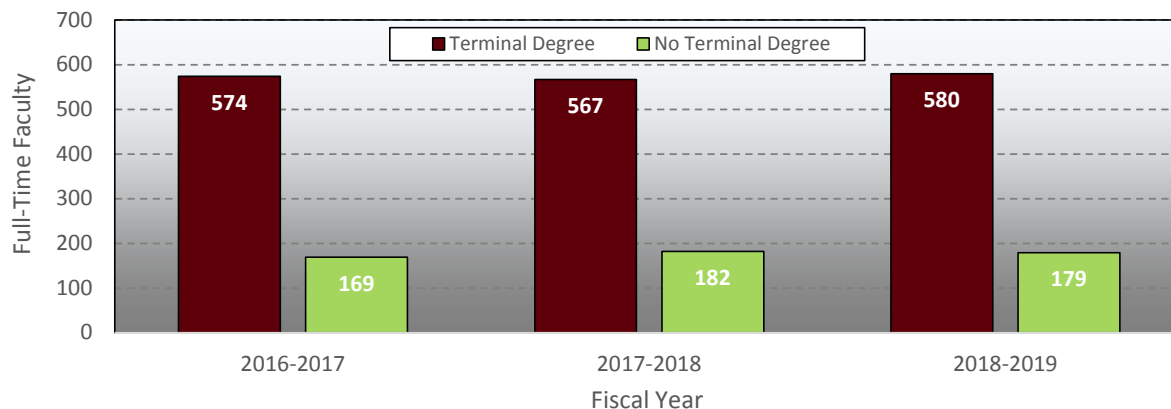

Note: Data table available in Appendix in Table A9.

Note: Full-time faculty counts represent data as of November 1st of the report year.

Glossary

TERM	DEFINITION
4-year Graduation Rate	The number of full-time, first-time, degree/certificate-seeking undergraduate students who complete their program within 4 years divided by the total population of full-time, first-time, degree/certificate-seeking undergraduate students entering the institution in a particular year (cohort).
5-year Graduation Rate	The number of full-time, first-time, degree/certificate-seeking undergraduate students who complete their program within 5 years divided by the total population of full-time, first-time, degree/certificate-seeking undergraduate students entering the institution in a particular year (cohort).
6-year Graduation Rate	The number of full-time, first-time, degree/certificate-seeking undergraduate students who complete their program within 6 years divided by the total population of full-time, first-time, degree/certificate-seeking undergraduate students entering the institution in a particular year (cohort).
Academic Library	An entity in a postsecondary institution that provides an organized collection of printed or other materials, or a combination thereof; a staff trained to provide and interpret such materials as required to meet the informational, cultural, recreational, or educational needs of the clientele; an established schedule in which services of the staff are available to the clientele; and the physical facilities necessary to support such a collection, staff, and schedule. This definition includes libraries that are part of learning resource centers.
ACT	An assessment used by colleges and states designed to measure student readiness. Scores range from 1 to 36.
Admissions Survey (IPEDS Admissions Survey)	Survey annual component required of all currently operating Title IV postsecondary institutions in the United States and other areas that do not have an open admissions policy. Eligibility for Admissions is determined using a screening question in the Institutional Characteristics – Header component and open admissions institutions will not see the component. Admissions data are collected for the current fall reporting period. Data are collected on admissions requirements, the number of applicants, admitted students, the number of admitted students that subsequently enrolled, and percentiles for ACT and SAT test scores. The number of applicants, admitted, and enrolled students is disaggregated by gender; enrolled students are further disaggregated by part-time and full-time status. Prior to the 2014-15 data collection cycle, Admissions was part of the Institutional Characteristics components. In 2014-15, it became part of the Winter data collection.
Admitted	Applicants that have been granted an official offer to enroll in a postsecondary institution.
Aid Received	For the purposes of the IPEDS Student Financial Aid (SFA) component, aid received refers to financial aid that was awarded to, and accepted by, a student. This amount may differ from the aid amount that is disbursed to a student. For example, a student may accept aid that was awarded by the institution but then leave the institution prior to the aid being disbursed. In this case, because the student accepted the aid, the aid would be reported to IPEDS, even though it was NOT actually disbursed to the student.
American Indian/Alaskan Native	A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.
Applicant	An individual who has fulfilled the institution's requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, non-admission, placement on waiting list, or application withdrawn by applicant or institution.

Bachelor's Degree	An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes all bachelor's degrees conferred in a 5-year cooperative (work-study) program. A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. Also includes bachelor's degrees in which the normal 4 years of work are completed in 3 years.
Benefit Type (Military-Affiliated)	Veterans, servicemembers, survivors, and dependents are eligible for multiple education benefit programs through the U.S. Veterans Administration including the Post-9/11 GI Bill (Chapter 33), the Montgomery GI Bill-Active Duty (MGIB-AD, Chapter 30), the Montgomery GI Bill-Selected Reserve (MGIB-SR, Chapter 1606), the Reserve Education Assistance Program (REAP, Chapter 1607), the Veterans Education Assistance Program (VEAP), Survivors and Dependents Educational Assistance (DEA, Chapter 35), and the Vocational Rehabilitation and Employment Program (VR&E, Chapter 31).

Campus of Dominant Enrollment	Missouri State University site where majority of term student credit hours are awarded.
Certificate	A formal award certifying the satisfactory completion of a postsecondary education program.
Classification of Instructional Program (CIP)	A taxonomic coding scheme for secondary and postsecondary instructional programs. It is intended to facilitate the organization, collection, and reporting of program data using classifications that capture the majority of reportable data. The CIP is the accepted federal government statistical standard on instructional program classifications and is used in a variety of education information surveys and databases.
Cohort	A specific group of students established for tracking purposes.
Cohort Term	The term associated with a specific group of students (cohort) established for tracking purposes.
Collection Year	The academic year in which IPEDS data were collected. Most Institutional Characteristics, Salaries, Fall Staff, Fall Enrollment, and Employees by Assigned Position data are collected for the current year; Completions, 12-Month Enrollment, Student Financial Aid, and Finance data collections cover the prior year.
Comparison Group	The group of peer institutions used for comparison purposes within the IPEDS Peer Analysis System (PAS). Comparison groups may be identified by the analyst by name or UnitID, they may be built by using characteristics (variables) from the IPEDS data, or they may be automatically generated by the system. TERM	DEFINITION
Completions Survey (IPEDS Completions Survey)	Survey annual component of IPEDS collecting number of degrees and other formal awards (certificates) conferred. These data are reported by level (associate's, bachelor's, master's, doctor's, and first-professional), as well as by length of program for some. Both are reported by race/ethnicity and gender of recipient, and the field of study, using the Classification of Instructional Programs (CIP) code. Institutions report all degrees and other awards conferred during an entire academic year, from July 1 of one calendar year through June 30 of the following year. Completions data by race/ethnicity at the 2-digit CIP level became an annual collection in 1990; since the 1995 collection, race/ethnicity is collected at the 6-digit CIP level. In 2001, IPEDS began collecting completers of double majors by level, 6-digit CIP code, and by race/ethnicity and gender of recipient.

Continuing/Returning Student (undergraduate)	A student who is not new to the institution in the fall, but instead is continuing his or her studies at the institution (i.e., not first-time and not transfer-in).
Core Expenses	Total expenses for the essential education activities of the institution. Core expenses for public institutions reporting under GASB standards include expenses for instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, depreciation, scholarships and fellowships, interest and other operating and nonoperating expenses. Core expenses exclude expenses for auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations.

Core revenues for public institutions (using the Governmental Accounting Standards Board (GASB) standards) include tuition and fees; government appropriations (federal, state, and local); government grants and contracts; private gifts, grants, and contracts; investment income; other operating and nonoperating sources; and other revenues and additions. The designation faculty is separate from the activities to which the staff members are currently assigned. For example, a president, provost, or librarian may also be appointed as a faculty member. For IPEDS reporting, graduate assistants do not have faculty status.
Fall Cohort	The group of students entering in the fall term established for tracking purposes. For the Graduation Rates component, this includes all students who enter an institution as full-time, first-time degree or certificate-seeking undergraduate students during the fall term of a given year.

TERM	DEFINITION
Fall Enrollment Survey (IPEDS Fall Enrollment Survey)	<p>Survey annual component of IPEDS collecting data on the number of students enrolled in the fall at postsecondary institutions. Students reported are those enrolled in courses creditable toward a degree or other formal award; students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus or extension centers; and high school students taking regular college courses for credit. Institutions report annually the number of full- and part-time students, by gender, race/ethnicity, and level (undergraduate, graduate, first-professional); the total number of undergraduate entering students (first-time, full- and part-time students, transfer-ins, and non-degree students); and retention rates. In even-numbered years, data are collected for state of residence of first-time students and for the number of those students who graduated from high school or received high school equivalent certificates in the past 12 months. Also in even-numbered years, 4-year institutions are required to provide enrollment data by gender, race/ethnicity, and level for selected fields of study. In odd-numbered years, data are collected for enrollment by age category by student level and gender.</p>
Fall Staff Survey (IPEDS Fall Staff Survey)	<p>Annual survey, now part of the IPEDS Human Resources (HR) component, was previously a separate collection. Only institutions with 15 or more full-time employees are required to report (biennially, for odd-numbered years). Institutions report the numbers of full- and part-time employees as of November 1 of the reporting year; full-time faculty by contract length and salary class intervals; number of other persons employed full-time by primary occupational activity and salary class intervals; part-time employees by primary occupational activity; tenure of full-time faculty by academic rank; and new hires by primary occupational activity. Most data are provided by race/ethnicity and gender. Prior to 2001, this collection also requested the number of persons donating (contributing) services or contracted for by the institution. Between 1987 and 1991, the Fall Staff data were collected in cooperation with the U.S. Equal Employment Opportunity Commission (EEOC). Beginning in 1993, all schools formerly surveyed by EEOC (using the EEO-6 survey form) reported through IPEDS Fall Staff.</p>

Fall term	The part of the academic year that begins between late August and November 1.
Federal Grants (grants/educational assistance fund)	<p>Grants provided by federal agencies such as the U.S. Department of Education, including Title IV Pell Grants and Supplemental Educational Opportunity Grants (SEOG). Also includes need-based and merit-based educational assistance funds and training vouchers provided from other federal agencies and/or federally-sponsored educational benefits programs. (Used for reporting on the Student Financial Aid component)</p>
Federal Student Loan	<p>Loans made by the United States federal government usually offered at lower interest rates with more flexible repayment options than loans from banks or other private sources. Federal student loans must be payed back with interest. The William D. Ford Federal Direct Loan Program is available with direct subsidized loans, direct unsubsidized loans, direct PLUS loans, and direct consolidation loans. The Federal Perkins Loan Program is also available for undergraduate and graduate students with exceptional financial need.</p>
Fees	<p>Missouri State University fees may include Student Services Fees, supplemental course fees, admission fees, program fees, and per credit hour enrollment fees. Fees are subject to revision by the MSU Board of Governors.</p>

TERM	DEFINITION
Finance Survey (IPEDS Finance Survey)	This annual component of IPEDS collects data that describe the financial condition of postsecondary education in the nation. These data are used to monitor changes in postsecondary education finance and to promote research involving institutional financial resources and expenditures. Specific data elements include such items as institutional revenues by source (e.g., tuition and fees, government, private gifts); institutional expenditures by function (e.g., instruction, research, plant maintenance and operation); physical plant assets and indebtedness; and endowment investments. Institutions may use different survey forms depending on the control of institution (e.g. public, private non-profit, or private for-profit) and the accounting standards followed by the institution (e.g. FASB or GASB).
Financial Aid	Federal Work Study, grants, loans to students (government and/or private), assistantships, scholarships, fellowships, tuition waivers, tuition discounts, employer aid (tuition reimbursement) and other monies (other than from relatives/friends) provided to students to meet expenses. This excludes loans to parents.
First-time Student	A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).
First-time Undergraduate	A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).
First-year Student	A student who has completed less than the equivalent of 1 full year of undergraduate work; that is, less than 30 semester hours (in a 120-hour degree program) or less than 900 contact hours .
Fiscal Year (FY):	Includes the summer term, the fall term, and the spring term. For example, fiscal year 2014-2015 includes Summer 2014, Fall 2014 and Spring 2015.
Freshmen	A first-year undergraduate student.
FTE Faculty	A calculation in which full-time individuals are considered to be 1.00 FTE and part-time personnel, such as per course faculty, are assigned an FTE of 0.25 for each 3 credit hour course taught; a graduate teaching assistant is assigned an FTE of 0.5. Note: Faculty on sabbatical are generally included, and FTE faculty calculations are adjusted to reflect departmental splits and grant buy-outs.
FTE Students	The full-time equivalent (FTE) of students is a single value providing a meaningful combination of full-time and part-time students. IPEDS data products currently have two calculations of FTE students, one using fall student headcounts and the other using 12-month instructional activity.

Glossary

TERM	DEFINITION
<p>FTE Student Calculation (Using fall student headcounts)</p>	<p>The number of FTE students is calculated based on fall student headcounts as reported by the institution on the IPEDS Enrollment (EF) component (Part A). The full-time equivalent (headcount) of the institution's part-time enrollment is estimated by multiplying the factors noted below times the part-time headcount. These are then added to the full-time enrollment headcounts to obtain an FTE for all students enrolled in the fall. This formula is used to produce an FTE that is used annually in the Digest of Education Statistics.</p> <p>Part-time undergraduate enrollment Public 4-year (.403543) Private (not-for-profit and for-profit) 4-year (.392857) Public 2-year and <2-year (.335737) All other institutions (.397058) Part-time graduate enrollment Public 4-year (.361702) Private (not-for-profit and for-profit) 4-year (.382059)</p>
<p>FTE Student Calculation (Using instructional activity)</p>	<p>The number of FTE students is calculated based on the credit and/or contact hours reported by the institution on the IPEDS 12-month enrollment (E12) component and the institution's calendar system, as reported on the IC Header component. The following table indicates the level of instructional activity used to convert the credit and/or contact hours reported to an indicator of full-time equivalents (FTE students):</p> <p>Quarter calendar system Enrollment level (One FTE over 12-month period) Undergraduate 45 credit hours, 900 contact hours Graduate 36 credit hours Semester/trimester/4-1-4 plan/other calendar system Enrollment level (one FTE over 12-month period) Undergraduate 30 credit hours 900 contact hours Graduate 24 credit hours For institutions with continuous enrollment programs, FTE is determined by dividing the number of contact hours attempted by 900.</p> <p>The total 12-month FTE is generated by summing the estimated or reported undergraduate FTE and the estimated or reported graduate FTE and reported Doctor's Professional Practice FTE.</p>
<p>FTE Staff</p>	<p>The full-time-equivalent (FTE) of staff is calculated by summing the total number of full-time staff from the Employees by Assigned Position (EAP) component and adding one-third of the total number of part-time staff.</p>
<p>Full Aid Year</p>	<p>For the purposes of the IPEDS Student Financial Aid (SFA) component, full aid year refers to either the academic year (for academic reporters) or the period between September 1 and August 31 (for program reporters).</p>
<p>Full-time First-time Undergraduate</p>	<p>A student enrolled in at least 12 student credit hours who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the undergraduate level. This includes students enrolled in academic or occupational programs. It also includes students enrolled in the fall term who attended college for the first time in the prior summer term, and students who entered with advanced standing (college credits earned before graduation from high school).</p>

TERM	DEFINITION
Full-time Staff	As defined by the institution. The type of appointment at the snapshot date determines whether an employee is full-time or part-time. The employee's term of contract is not considered in making the determination of full- or part-time.
Full-time Student	Undergraduate: A student enrolled for 12 or more semester credits, or 12 or more quarter credits, or 24 or more contact hours a week each term. Graduate: A student enrolled for 9 or more semester credits, or 9 or more quarter credits, or a student involved in thesis or dissertation preparation that is considered full-time by the institution. Doctor's degree - Professional practice - as defined by the institution.
Full-year Cohort	The group of students entering at any time during the 12-month period September 1 through August 31 that is established for tracking and reporting Graduation Rate (GR) data for institutions that primarily offer occupational programs of varying lengths. Students must be full-time and first-time to be considered in the cohort.
Graduate Student	A student who holds a bachelor's degree or above and is taking courses at the postbaccalaureate level. These students may or may not be enrolled in graduate programs.
Graduate Assistant (Research)	An occupational category used to classify graduate assistants whose specific assignments customarily are made for the purpose of conducting research.
Graduate Assistant (Teaching)	An occupational category based on the detailed occupation in the 2010 Standard Occupational Classification (SOC) Manual called Graduate Assistant - Teaching (SOC code 25-1191). For detailed information, refer to the following website: http://www.bls.gov/soc/2010/soc251191.htm .
Grant Aid	Financial aid which provides funding to students without requiring any repayment. Organizations and agencies award grant money to students based on financial need, academic achievements and career goals.
Graduation Rate	<p>The rate required for disclosure and/or reporting purposes under Student Right-to-Know Act. This rate is calculated as the total number of completers within 150% of normal time divided by the revised adjusted cohort.</p> <p>This annual component of IPEDS was added in 1997 to help institutions satisfy the requirements of the Student Right-to-Know legislation. Data are collected on the number of students entering the institution as full-time, first-time, degree/certificate-seeking undergraduate students in a particular year (cohort), by race/ethnicity and gender; the number completing their program within 150 percent of normal time to completion; the number that transfer to other institutions if transfer is part of the institution's mission. Prior to 2007, institutions who offered athletically-related student aid were asked to report, by sport, the number of students receiving aid and whether they completed within 150 percent of normal time to completion. Now, these institutions only need to report a URL where the athletic data is located on their website, when available. GR automatically generates worksheets that calculate rates, including average rates over 4 years.</p>
Hispanic/Latino	A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

All postsecondary institutions that have a Program Participation Agreement with the Office of Postsecondary Education (OPE), U.S. Department of Education (throughout IPEDS referred to as Title IV) are required to report data using a web-based data collection system. IPEDS currently consists of the following components: Institutional Characteristics (IC); 12-month Enrollment (E12); Completions (C); Human Resources (HR) composed of Employees by Assigned Position (EAP), Fall Staff (S), and Salaries (SA); Fall Enrollment (EF); Graduation Rates (GRS); Finance (F); and Student Financial Aid (SFA).</p>

A student is considered a veteran if he or she indicates active military, National Guard, Reserves, or veteran status on the admission application, Federal Application for Student Aid (FAFSA), or Veteran Certification Request for Veteran Affairs (VA) benefits. MSU began tracking veteran status mid-academic period Spring 2012. Thus, historical data prior to Spring 2012 may not exist. Tuition and Fees	The amount of tuition and required fees covering a full academic year most frequently charged to students. These values represent what a typical student would be charged and may not be the same for all students at an institution. If tuition is charged on a per-credit-hour basis, the average full-time credit hour load for an entire academic year is used to estimate average tuition. Required fees include all fixed sum charges that are required of such a large proportion of all students that the student who does not pay the charges is an exception.
